50th ANNIVERSARY

Dave and Kathy (Meekhof) Fisher

While playing softball at Reese Field, I saw this beautiful blonde riding across the park on a dirt bike. As it turned out, we had grown up within one mile of each other and had never crossed paths before that. And on top of this, she worked at Gospel Films with my mother, who claimed that she picked my wife out for me! We married on March 28, 1970, and will be celebrating our 50th Anniversary as soon as Covid allows, as a surprise celebration had to be postponed.

We have three children, twins Jeff and Joy, and Jani. Jeff and Stacy (Grand Rapids) have six children between them; Isabel, Gavin, and Ellie Fisher, and Reece, Orion, and Miller Roskam. Joy (Arlington, MA) was married to Brent Williams, who unexpectedly passed away, and has two boys, Fisher and Ruben. Jani and Dan Wilkens (Weldon Spring, MO) have two children; Anika and Eli.

Kathy is retired from Mr. Scribs as an office manager for over 20 years, and now volunteers with Momentum Center in Grand Haven. She was also a professional photographer. Dave retired from Fruitport Schools, serving as a Counselor, Math teacher, Driver Ed director, coach of football, basketball, and baseball, and Athletic Director. He also worked for three years as a Counselor at Muskegon Catholic Schools. He was one of the founders, and President/Assigner of Umpires of the Shoreline, and still is a registered official in football, volleyball, basketball, and baseball, 50 years later.

Fruitport V.F.W. Aux. 3734 News

by Florence Smith

Aux. meets the first Monday of the month at 7:00P.M.

Because of the coronavirus all of our events have been canceled so for now we are here on a limited basis, but we will be back.

Also we are looking for new members.

We are still renting our hall.

For more information call 773-7303

Memorial Day entertainment!

By Mike Simcik, the little local newscaster on Spring Lake.

Denise and I were eating dinner on our deck, and then an airboat came flying by. They tried to stop for a minute but the backwash came over the transom. The prop thrashed the water and they sank to the bottom off Strawberry Point in 15 feet of water. Gosh, I can't wait to see what they are going to do to top that on the 4th of July!

By the time I went in to get my camera, the Airboat was already underwater, and two people had swam to shore at a nearby dock.

That was at 5:30 pm Sunday evening and no Sheriff's boat or Coast Guard boat ever showed up, still to date.

On Tuesday morning a large powered rubber boat with airbags and diver finally got the Airboat to the shallows on the north shore of Strawberry Point.

It looked to me like a homemade boat far too short [13 feet] for the monster elevated motor, cage, and prop. It was the same type used for Ultralite canvas winged single passenger aeroplanes. It was going across the lake W to E about 300 yards off our shore and doing maybe 15 to 20 mph arriving at the north-west corner of Strawberry Point, when it slowed. Then the boat turned 90 degrees south at the last second and its own wake came over the transom and swamped the airboat. That boat went down in one minute or less.

PS: Not sure if anyone got a picture, everyone was either doing selfies or looking at the other thousand boats on the water!
