Ballot Proposals

Proposal Section	Local School District
State	Fruitport Community Schools Operating Millage Renewal Proposal
Proposal 20-1 A proposed constitutional amendment to allow money from oil and gas mining on state-owned lands to continue to be collected in state funds for land protection and creation and maintenance of parks, nature areas, and public recreation facilities; and to describe how money in those state funds can be spent. This proposed constitutional amendment would: - Allow the State Parks Endowment Fund to continue receiving money from sales of oil and gas from state-owned lands to improve, maintain and purchase land for State parks, and for Fund administration, until its balance reaches \$800,000,000. - Require subsequent oil and gas revenue from state-owned lands to go into the Natural Resources Trust Fund. - Require at least 20% of Endowment Fund annual spending go toward State park improvement. - Require at least 25% of Trust Fund annual spending go toward parks and public recreation areas and at least 25% toward land conservation. Should this proposal be adopted? <input type="checkbox"/> Yes <input type="checkbox"/> No	This proposal will allow the school district to continue to levy the statutory rate of not to exceed 18 mills on all property, except principal residence and other property exempted by law, required for the school district to receive its full revenue per pupil foundation allowance and renews millage that will expire with the 2020 tax levy. The remaining .5 mill is only available to be levied to restore millage lost as a result of a reduction required by the "Headlee" amendment to the Michigan Constitution of 1963, and will only be levied to the extent necessary to restore that reduction. Shall the currently authorized millage rate limitation of 18.5 mills (\$18.50 on each \$1,000 of taxable valuation) on the amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, in Fruitport Community Schools, Muskegon and Ottawa Counties, Michigan, be renewed for a period of 4 years, 2021 to 2024, inclusive, to provide funds for operating purposes; the estimate of the revenue the school district will collect if the millage is approved and 18 mills are levied in 2021 is approximately \$2,906,583 (this is a renewal of millage that will expire with the 2020 tax levy)? <input type="checkbox"/> Yes <input type="checkbox"/> No
Proposal 20-2 A proposed constitutional amendment to require a search warrant in order to access a person's electronic data or electronic communications. This proposed constitutional amendment would: - Prohibit unreasonable searches or seizures of a person's electronic data and electronic communications. - Require a search warrant to access a person's electronic data or electronic communications, under the same conditions currently required for the government to obtain a search warrant to search a person's house or seize a person's things. Should this proposal be adopted? <input type="checkbox"/> Yes <input type="checkbox"/> No	

Who can call themselves black? There are not many actual 100% blacks out there to my understanding. Most blacks have some white blood in them which makes them brown, and I believe most whites have some black blood in them. Doesn't that make us all Brown?
Black Lives Matter is a Marxist movement bent on the destruction of America.
Systemic liberal Democrat politicians dominate practically every major city with a rioting problem. They may have good intentions, but insufficient wisdom to govern. Unfortunately, the voters exhibit insufficient wisdom by voting for them.

Hummingbirds can be quite mean when they chase each other from their feeder! They obviously have a very small brain which shows that it doesn't take much of a brain to be mean!
