

Trinity Baptist Church

by Pastor Chris Handzel
submitted by Sam Berry

This year Trinity Baptist Church, on S. Sheridan Drive, celebrated 130 years of God's goodness to the ministry! As a group of believers, we share a commitment to having Jesus at the center of everything we do. Our teaching focuses not on personal opinions but God's Word, which is always relevant to our lives and intended to produce change in us and our world. We want you to know you are welcome to join us for our Morning Worship service at 11a.m. each Sunday. Our services include mostly traditional worship music, prayer and a Scriptural message. A Nursery and Children's Church are both available during our services for your younger family members. God has been good to all of us, join us in worshipping Him this week! Visit us at muskegontrinity.org or call (231) 777 - 1115.

Open Air Campaigners

In a time of darkness, distrust, discouragement, and fear people are searching for answers, but many are looking in all the wrong places.

Alcoholism, domestic violence, anger and hate, drug addiction and suicide are all currently at historic highs.

My name is Scott Domont and I have never before in my life felt such an urgency to share with people the answer of the hope that I have found in the person of Jesus Christ and his perfect work that he accomplished on the cross for any and all who turn to him and believe.

This year I left my job to be able to share the hope of the good news found in God's Word in a full time capacity.

Domont Family

The mission organization that we are working through is called Open Air Campaigners. Our goal is to take the Good News to others and help the Church to do the same. Primarily we are working with local churches in and around the state of Michigan, with occasional longer distance outreaches as there are open doors. However, we see the many needs right here in our own neighborhoods and we want to first and foremost help in our own community.

Going out to where the people are is our primary pattern of work, whether in campus outreach, kid's Bible clubs, vacation Bible schools, camps, high schools, public spaces, evangelism training or discipleship. If we don't go to them with the Good News, how will they hear?

If you would like to talk with someone about how you can have forgiveness from sins and hope in this life for the one that is to come, if you would like someone to pray for you, or, if you would like to talk about how we can come along side your church or youth group and help you and your members share their faith with others and reach out into your community please call, text or email me at the contact information below.

Together we can share with people the Answer they are really looking for, the One that brings life and life more abundantly!

Boardwalk outreach

More than 56,000 Attend *Route 66 God Loves You Tour*

submitted by the Billy Graham Evangelistic Association

At a time when many people are experiencing fear, uncertainty and hopelessness, the *God Loves You*

You Tour traveled 2,000 miles and Franklin Graham shared a Gospel message in eight cities along historic Route 66. More than 56,000 people attended the free events of music and hope that started in the Chicago area and finished in the Los Angeles metro two weeks later.

Night after night, hundreds of people responded to the message of God's love. In all, more than 4,500 people indicated they made decisions for Jesus Christ. In the eight cities Graham visited, people from more than 1,400 churches worked with the *God Loves You Tour* out of a desire to see the Good News shared in their communities. Those churches are now following up with the thousands of people who responded to the Gospel invitation.

My name is Adam Aldridge and this is my wife Brittany and our daughter Soren.

I grew up in Fruitport and graduated in 2012. My father is Todd Aldridge, my mother is Annette Aldridge (Egeler), step father is Michael Kniva, and my grandfather is Arthur Aldridge. Brittany grew up in North Muskegon and graduated from Reeths Puffer in 2011.

After high school, Brittany and I moved to Grand Rapids where we attended Kuyper College. I spent 8 years in different churches in West Michigan working in student ministry. While I enjoyed working in the church world, I really wanted to break out and be more actively involved in community work, especially with high school students. In my own story, it was in high school that several key adults in my life had the biggest impact on me and influenced me to be the person I am today.

So in April of 2020 we moved back to Fruitport to start Campus Life. We have been excited for this opportunity to pour back into Fruitport, the place I know and love, and to be a part of something bigger than ourselves! I'm also excited Soren gets to be a Trojan!

Campus Life is a youth focused club that seeks to invest in high school students through positive, healthy, mentoring relationships with caring adults in order to empower and equip them as they navigate the most formative years of their life. Campus Life has a global network with over 2000 campuses involved, and I'm so excited Fruitport gets to be added to this number! You will find our team of leaders cheering on students at games, hosting events like bubble soccer, and connecting with students to talk about life over some ice cream at Norm's. Simply put, we show up for students!

As a program of West Michigan Youth For Christ, Campus Life is 100% funded by private donors who support our mission and want to be a part of investing in student's lives. Campus Life partners with the schools, local organizations & businesses, churches, and our volunteer team of leaders in order to have a broad network of connections as we all seek to lift up students together!

After a rough start due to COVID, weekly Campus Life Club nights will officially launch in early 2022. For now, you can find out about some of our other events & keep in touch by contacting me at the email below to subscribe to our monthly newsletter!

If you're interested in hearing more about Campus Life, volunteering, or partnering in some way please reach out!

"Times change, culture changes, but people's need for a relationship with God through His Son, Jesus Christ, doesn't change," said Franklin Graham,

BILLY GRAHAM
Evangelistic Association
Always Good News.

president of the Billy Graham Evangelistic Association. "With all the bad news around us day

in and day out, people need hope. I want people along Route 66—and the rest of this nation—to know that God loves them."
