

## Lt. Colonel (Ret) Max Riekse

Max Riekse is running for Congress and will be on the November ballot. His platform is:

- Finish the Trump Wall, end the Democrats' Open Border agenda
- Supports the election of Donald Trump for the third time.
- Supports the United States Constitution; the Bill of Rights; Individual Freedom
- Supports the Second Amendment; Max is a Life Member of the NRA since 1964
- Impeach Joe Biden; he is corrupt & mentally unfit
- Communist China must be dealt with; reduce trade with Red China.
- No war with Russia or Ukraine; its just yet another European War

President Donald Trump cut taxes and draconian regulations that resulted in an economic boom; he made America independent from foreign oil; he stood up for and with America's police officers; he built hundreds of miles of the wall on our Mexican border and cut illegal immigration significantly despite push back from the Socialist Democrats and RINO's; he contained (Red) Communist China, Russia, and Communist North Korea and Iran; he banned the use of federal dollars to promote the divisive and racist, anti-white Critical Race Theory (CRT); he exposed the Red Chinese threat to our economy, our security, and our Republic; Trump rebuilt and rearmed the United States Armed Forces. He preserved and defended both Medicare and Social Security; President Donald Trump drove unemployment down to its lowest levels ever, including among minorities. He appointed over

200 pro-Constitutionalists, pro-life and pro-second amendment judges to the federal courts, including three to the Supreme Court; President Donald Trump fiercely defended our rights to free speech and religious liberty. Let's elect President Donald Trump for the Third Time in 2024; and Lt Colonel (Ret) Max Riekse stands with President Donald Trump.

## Commentary by Max Riekse

STOP the Steal in 2022 Election; 2020 mail-in ballot fraud, along with apparent theft via electronic voting machines that count votes with secretive proprietary source code that can internally and externally manipulate votes; along with old fashioned ballot stuffing in Detroit, Flint, Muskegon, Muskegon Heights, etc., which helped steal the 2020 Presidential election; Trump is still my President. In order to have honest elections, we need paper ballots; laws that prevent Democratic controlled cities from election fraud; and photo ID's that are up to Mexico's standards - Mexico has excellent voter ID laws - along with having absentee balloting that is equivalent to those of France and Canada to prevent fraud.

As to the January 6th Washington D.C. Presidential demonstration; pro-Trump rally-goers were infiltrated by Antifa, left-wing communist BLM, and by FBI agent provocateurs who dressed up like Trump supporters and engaged in extreme vandalism and other unlawful actions to discredit the pro President Trump rally. Furthermore, the federal agent that assassinated the unarmed female US Air Force veteran in cold blood needs to be hunted down and put in prison—for life. The J6 defendants held illegally in crap hole Washington, D.C. jails and prisons are political prisoners by any definition. The fact that all these truly violent Antifa & Black Lives Matter Communist protesters remain

free and unprosecuted for looting, arson and murder is a testament to that. BLM activist Quintez Brown fired several shots at close range at a Louisville, KY mayoral candidate. He was released on bail two days later on charges of attempted murder. Compare that to more than a year in prison for "trespassing" by the J6 protesters. And never forget that one or two of the BLM female leaders who extorted millions of dollars from various companies like Coca Cola, live in multi millionaire mansions in all-white gated communities and may have condos in the Bahamas. You can't make this crap up.

From Imprimis: Hillsdale College; March 2022: Left-wing Democrats, Black/white elites and black activists want to keep the focus on white racism. It helps them raise money, get elected, and stay relevant. In a Gallup poll released in 2020, 81% of blacks nationwide said they wanted police presence in their neighborhood to remain the same or increase. Another Gallup poll released a year earlier asked black and Hispanic residents of low-income neighborhoods in particular about policing. Fifty-nine percent of both black and Hispanic respondents said they wanted police to spend more time in their communities. In a poll from 2015, a majority of black respondents said that police treat them fairly, and far more blacks than whites two-to-one margin, said they "want a greater police presence in their local neighborhoods". According to the Chicago Sun-Times there were 492 homicides in Chicago in 2019, and only three of them involved police.

In a 1993 Gallup poll, 82% of black respondents said the criminal justice system doesn't treat criminals harshly enough, 75% of blacks wanted more cops on the streets, and 68% said we ought to build more prisons so that longer sentences can be given. Efforts to defund the police are being pushed by white and black communist activists, and liberal (Democratic & RINO) elites who claim to be speaking on behalf of the low-income minorities. Their end goal is to destroy the United States of America. Liberal elites, mostly communist- & socialist-oriented, control most of the media. They control academia, including K-12 and university teacher unions. They run non-profit foundations that hand out intellectual awards and prizes to like-minded anti-Americans.

Affirmative action is racism. Slavery ended over 150 years ago. There are tens of thousands of black millionaires and billionaires. As a result of affirmative action racism, whites and Asians are discriminated against for entrance to many universities and for jobs.

Today, most blacks support voter ID laws and school choice, while most black elites—academics, the NAACP, communist BLM, teacher unions, RINO's, etc. opposed those things.

## Opinion From a Former Judge

submitted by Joni Feldt  
originally printed in 1954

I am a student of law whose age is 85. My first year of college was 68 years ago. One class I took was political science. A half-page of my textbook essentially outlined a few steps to overturn a democracy:

- 1) Divide the nation philosophically.
  - 2) Foment racial strife.
  - 3) Cause distrust of police authority.
  - 4) Swarm the nation's borders indiscriminately and unconstitutionally.
  - 5) Engender the military strength to weaken it.
  - 6) Overburden citizens with more unfair taxation.
  - 7) Encourage civil rioting and discourage accountability for all crime.
  - 8) Control all balloting.
  - 9) Control all media

excerpted from an article by Matt Rosenberg in Imprimis, a publication of Hillsdale College

According to City of Chicago data, in every year from 1999 to 2009, more than 80 percent of all black women who gave birth were single. Among Latinos, that figure rose from 45 to 55 percent during that period, while for whites and Asians the numbers were dramatically lower.

More broken homes are directly correlated with more violent crime. Annual Chicago Police Department reports show that the neighborhoods with the highest murder rate are the same neighborhoods in which births to single mothers are highest. Among children raised in households headed by two biological parents, regardless of race, studies find greater educational attainment, higher adult income, and lower rates of incarceration.
