“Once we roared like lions for liberty; now we bleat like sheep for security! The solution of America’s problem is not in terms of big government, but it is in big men over whom nobody stands in control but God.” – N.V. Peale

### Whose body is it?

Submitted by Laura Klassen

If you’re not the one having:

- Your limbs ripped off,
- Your skull crushed,
- Your torso or head injected with poison,
- Your supply of oxygen and nutrients cut off,
- Your body torn apart by suction, then no, it’s not your body so it should not be your choice.

Tips on how to fall asleep in a living room chair

Kamala and the Democrat leadership are telling lies in their ads on television and direct mail. Trump has said over and over that abortion is a state’s responsibility and not for the Federal government to mandate. He has said over and over that he has no intention or interest in the Federal government to interfere or override each state’s responsibilities. The Dems are falsely accusing him of criminal punishment for women, tracking pregnant women, national abortion ban, IVF at risk, birth control restrictions. This is completely made up by the Democrats and show how ridiculously dishonest they are.

As for the National debt, the Democrat leadership are the irresponsible ones as the record of the last two administrations show.

It’s common for the Democrats to accuse their opponent of the things that the Dems are doing to distract the public from their own misdeeds. Kamala and Walz have been serial liars for their whole careers and any research of their history show it.

The upcoming presidential election is complicated, but there is an easy way to create immediate clarity.

Just think to yourself: Which candidate is the architect of America’s disastrous neoliberal agenda supporting?

The answer, of course, is Kamala Harris. Dick Cheney’s recent endorsement irreversibly solidified the fact that *her campaign* has the total and complete backing of the most destructive force in American political history.

That’s a damning indictment, but it’s true.

“The system is evil, and the system is trying to murder Donald Trump. So who does that make Donald Trump? That makes him the enemy of the wicked. So it doesn’t matter if you like everything about him; they hate him, and they’re wicked. So that should be enough for you to understand he’s your guy. It’s a logical thing to come to [that] conclusion.” – Tucker Carlson

Elon Musk posted on X about Trump, saying: “A Trump victory is essential to the defense of freedom of speech, secure borders, safe cities, and sensible spending!”

### The UN’s fixation on CO2 emissions ignores the real driver of global temperature, experts say.

“CO2 does not cause global warming. Global warming causes more CO2,” said Edwin Berry, a theoretical physicist and certified consulting meteorologist. He called the Royal Society’s position on CO2 “pure junk science.”

Ian Clark, emeritus professor for the Department of Earth and Environmental Sciences at the University of Ottawa, agreed that if all greenhouse gas emissions ceased today, the Earth would continue warming—but not because of CO2.

He said that contrary to popular opinion, temperature doesn’t follow CO2—instead, CO2 follows temperature, which, itself, is due to solar activity.

Overall, climate is going to do whatever the sun

dictates,” he said.

In addition to not affecting temperature, Mr. Clark said the attempts to reduce CO2 are dangerous because of the anticipated effect on plants.

Mr. Clark said one of the benefits of increasing CO2 is improved global grain yields and the general greening of the planet.

The Right Resistance: Kamala Harris’s lack of ideological definition means seeing is disbelieving

By Jeffrey A. Rendall, CHQ

It remains to be seen what kind of president Kamala Harris would be, and that’s the primary reason why she’s so dangerous. American voters shouldn’t be put in a position to wonder what a candidate would do when in office. There should be no room for disbelief. Donald Trump announces his plans flat out – and he has years of history to back them up.

Why Democrats Are Flooding America With Illegal Aliens

By George Rasley, CHQ Editor

Vice President and Border Czar Kamala Harris and President Joe Biden, have completely abandoned the enforcement of immigration law. Hundreds of thousands of illegal aliens are now crossing the southern border each month. More than 1 million crossed the border illegally in 2021, and things have only gotten worse since then.

Kamala’s fly-in program for illegals is blatantly unlawful and unconstitutional. None of those she has flown in are here legally. The fact that Kamala has illegally given them administrative amnesty (“Temporary Protected Status”) only reaffirms they are illegals. Except now they are illegals who get free welfare.

The House Committee on Homeland Security found, in a report issued in April of this year:

- Since President Biden and Vice President Harris took office, there have been more than 9.5 million encounters nationwide and more than 7.8 million encounters at the Southwest border.

- Since FY21, 362 aliens on the terrorist watchlist have been caught crossing our Southwest border illegally.

- Encounters at the northern border in April of FY24 increased 1,240% compared to April of FY21.

Since Obama began the mass admission of illegal aliens, Americans who live normal lives outside the world of politics have been asking “why?” Reluctant to believe that those they have elected to uphold the law and protect the Constitution would intentionally allow our borders to collapse.

The collapse is not due to incompetence – it is intentional.

And the mass admission of anti-American illegal aliens started under Obama and Biden has only gotten worse under Harris and Biden.

And again, only one person, Donald Trump, is telling Americans the truth; this isn’t incompetence – it is intentional.

Here’s President Trump’s quote: *It takes centuries to build the unique character of each state. But reckless migration policy can change it quickly and permanently. Just like we’ve seen in London, and Paris, and Minneapolis. If Kamala Harris wins this election, she will flood Pennsylvania cities and towns with illegal migrants from all over the world – and Pennsylvania will not be Pennsylvania any longer. When I’m president, all migrant flights to Pennsylvania will STOP the moment I take the oath of office. Those who do not belong, will be sent back home. We will end the invasion of small-town Pennsylvania – and we will END the destruction of America.*

Voting for Donald Trump is your last chance to stop the “fundamental transformation” of the America you knew into the Marxist prison camp you fear.

They didn’t go after the “Big Guy”.

They didn’t go after Biden’s crackhead son.

They didn’t go after Pelosi for insider trading.

They didn’t go after the Clintons.

They didn’t go after Epstein’s clients.

THEY WENT AFTER THE ONE MAN WHO PROMISED TO EXPOSE THEM ALL.

### JIM RICKARDS’ STRATEGIC INTELLIGENCE: The Steal Has Already Begun

The Democrats Have Done This Before

Democrat efforts to steal the 2020 presidential election are very well documented. In key states such as Pennsylvania, Georgia, Arizona and Wisconsin, requirements that mail-in ballots have signatures on the ballot and the envelope that could be compared were ignored. Other mail-in ballots were discarded after supposedly being “counted” so that no paper trail existed.

Ballot harvesting from assisted living facilities and apartment buildings was conducted with no verification that any of the residents actually filled in their ballots. Other supposed mail-in ballots appeared without creases (meaning they had never been mailed) with 95-1 pro-Biden ratios (statistically impossible).

It took all of that and more for Biden to eke out a narrow victory. The idea that the courts rejected the voter fraud claims is false. The Courts refused to hear the cases based on procedural grounds such as standing, venue, jurisdiction and laches (waiting too long to bring the claim). That’s quite different from reaching the merits of the claims, which was never done.

### What’s Up the Dem’s Sleeve?

One plan is to declare Trump an “insurrectionist” on January 6, 2025, so that his Electoral Votes can be disqualified even if he won the most on Election Day. To back up their January 6th plan, the Department of Homeland Security, (the same people who opened the border) has put the Secret Service in charge of the Electoral College vote count.

This means if Republicans object to certain Electoral Votes on the day they are counted in the Capitol Building (a perfectly legitimate process) the Secret Service can act as goon squads to suppress any objections to “overturn” the election by “election deniers.”

### No Line Kamala Harris Won’t Cross

By Lisa Van Houten, American Decency

It’s hard to nail down presidential candidate Kamala Harris on any of her policy positions except one: abortion. Her position on abortion is as extreme as it can get – no exceptions, no limits, no protections, and no recognition of the humanity of the unborn baby being killed. Her quest is to usher in unlimited, unrestricted abortion nationwide, while ignoring the fact that abortion not only intentionally ends a human life, it also harms women physically and emotionally, and is used by men to shirk their responsibilities and hide abuse of minors.

She has proven in recent days that there is virtually no line she won’t cross to implement her abortion agenda, including subverting constitutional order, lying to the American people, and seeking to undermining Biblical truth.

Earlier this week Harris advocated for getting rid of the Senate filibuster in order to pass radical federal legislation that will legalize unrestricted abortion nationwide, overturning any state laws that limit abortion in any way.

The Senate filibuster rule has stood since the very first session of the Senate in 1789 and requires 60 votes to pass legislation.

### So why then support Kamala Harris’s candidacy?

During her tenure as vice president, Kamala has done nothing but exacerbate the left’s obsession with race and perversion. At no point has anything she’s been in charge of improved the quality of life in this country.

She’s allowed violence and chaos to flow across the southern border and worked to push fiscally reckless policy through the legislative process.

All of this has made your life harder. She’s aware that you are aware of her radicalism, and that is why she’s jumping through hoops nowadays to appear moderate.

But it is all a sham.

From energy to immigration and foreign policy to trade. Kamala is a left-wing activist.

It’s too late to heed Cuomo’s warning. The inmates are in charge of the asylum, and radicals run the Democratic Party.
