Regulators Help Prepare for Lions Club Easter Egg Hunt

Members of the Fruitport Regulator Run volunteered their time once again this spring to help prepare for the Fruitport Lions Club's annual Easter Egg Hunt, gathering at Pincrest Bar & Lanes to stuff nearly 20,000 eggs.

This marks the fourth year the Regulators have assisted with the event, working together to complete the large task that helps make the popular community tradition possible for local children.

While the Regulators are best known for their support of veterans organizations and assisting local families during the holidays, their involvement with the Easter Egg Hunt highlights their commitment to supporting a wide range of community events. "Helping with the egg stuffing has become one of those traditions we truly look forward to," said Christa Johnson, a Fruitport resident. "It's a great way

to give back and be part of something that brings so much joy to local families."

The group extends its thanks to the Fruitport Lions Club for continuing to offer this cherished event for area families.

Marxism promised a perfect world—what happened instead?

by Bill Gray

In 1917, revolutionaries led by Vladimir Lenin promised a better, fairer world.

But soon after taking power, they began executing anyone who stood in their way. Marxism began with promises of a perfect world—and ended in fear, famine, and death.

A century later, these same dangerous ideas have been repackaged and rebranded. They're taught in schools and promoted using words such as "equity," "diversity," and "social justice."

That's why Hillsdale College created the National Quiz on Marxism, Socialism, and Communism.

Take the quiz using this secure link:

When you finish, we'll email you the answers and give you access to our free online course, "Marxism, Socialism, and Communism," which tells the whole story—from Lenin's Red Terror to today's Cultural Marxism.

Free Online Courses

All online courses are available free of charge to any who wishes to learn.

Hillsdale Professors

Learn from distinguished faculty in courses inspired by Hillsdale's core curriculum.

Hillsdale College was founded in 1844 with a mission to provide "all who wish to learn" the education necessary to preserve civil and religious liberty in America. They understood, like the founders of our great nation, that free government requires independent, virtuous, and knowledgeable citizens.

In 2011 Hillsdale launched its online courses program to extend this mission and to teach the core subjects of a Hillsdale education free of charge. Since that time, more than 2.6 million Americans have partnered with us in this effort. Hillsdale's self-paced, not-for-credit online courses are created for every American who wishes to embark upon a life-changing education in the greatest ideas and texts of Western Civilization.
